29 April 1976

Dear Dr Tooze,

... I am assembling a group of members from our Advisory Committee on Medical Research (ACMR) and temporary advisers, to meet for one day, 19 June, as indicated in the attached copy of my communication to them of 8 April. We are also inviting Dr J.F. Miquel of the CNRS, who is Secretary of the European Commission on the subject of the European Science Foundation. Dr Miquel visited me about one week ago to discuss this matter.

I believe the attendance of both of you would be very desirable from the standpoint of coordinating the various efforts in this field.

I hope very much you can come, and I should appreciate an early reply.

Yours sincerely,

Martin Kaplan
Secretary
Advisory Committee on Medical Research
